The PS-USB Series is a strong, robust, and accurate range of scales particularly suited to a wide variety of weighing application (trade approved). The aluminum cast base comes with adjustable feet and leveling bubble for precise weighing. The indicator bracket is detachable.

The easy-to-operate PS-USB indicator features a large LCD display and RS-232/USB ports that can transmit and receive using a demand type protocol (NCI). The triple power modes (battery, AC adapter and USB) enable portability or permanent installation.

The PS-USB comes with a low-profile 14"x12" base and offers all the functions and features needed to improve efficiency and increase productivity in most warehouse and shipping/receiving areas.
